

Township of Blandford-Blenheim

Emergency Response Plan

Adopted: **April 6,2005**

By-law #: **1462-2005**

INTRODUCTION

Emergencies are defined as situations or impending situations caused by forces of nature, accident or an intentional act that constitutes a danger of major proportions to life and property. They affect public safety, meaning the health, welfare and property, as well as the environment and economic health of the Township of Blandford Blenheim.

The population for the Township is approximately 7,200 residents and a land mass of 144 square miles.

In order to protect residents, businesses and visitors, the Township of Blandford Blenheim requires a coordinated emergency response by a number of agencies under the direction of the Community Control Group. These are distinct arrangements and procedures from the normal, day-to-day operations carried out by emergency services.

The Township of Blandford Blenheim Emergency Management Committee developed this emergency response plan. Every official, municipal department and agency must be prepared to carry out assigned responsibilities in an emergency. The response plan has been prepared to provide key officials, agencies and departments of the Township of Blandford Blenheim for important emergency response information related to:

Arrangements, services, equipment; roles and responsibilities during an emergency.

Each time this plan is revised it must be forwarded to Township Council for approval as stated in **By-law # 1462-2005**; however, revisions to appendices and minor administrative changes can be made at the discretion of the Community Emergency Management Coordinator without resubmission.

In addition, it is important that residents, businesses and interested visitors be aware of its provisions. Copies of the Township of Blandford Blenheim Emergency Plan may be viewed at the Township Office. For more information, please contact:

When the support and assistance of county services are needed in an emergency, the Mayor may contact the Warden or the CAO of the County to request such assistance or request activation of the County of Oxford Emergency Plan.

Provincial Assistance

Under certain circumstances, the departments and agencies responding to an emergency according to the Township's Emergency Plan may require assistance from ministries and agencies of the Province of Ontario. A request for these services shall not be deemed to be a request that the Province of Ontario assume authority and control of the emergency. It is highly recommended that Emergency Management Ontario (EMO) be contacted immediately in an emergency or impending emergency situation. It is the mandate of the EMO to co-ordinate emergencies and co-ordinate the request for assistance from provincial ministries and agencies.

In addition, a staff member of EMO can be dispatched immediately to assist the CCG. If an emergency is declared, notify the Minister of Community Safety and Correctional Services immediately by contacting EMO. To report emergencies 24/7 call (416) 314-0472/0473 or toll free at 1-866-314-0472 or fax information to 1-416-314-0474.

If difficulty in contacting EMO Duty officer then it is recommended that the OPP (Orillia) be contacted at (705)329-6950

The Ontario Disaster Relief Assistance Program (ODRAP) is available to municipalities seeking assistance for their residents. The municipality must request a "disaster area declaration" from the Minister of Municipal Affairs with the passage of a resolution to be submitted to the Minister within 14 working days of the date of the disaster. Upon the declaration of a "disaster area" by the Minister, under the authority of ODRAP, the Council of Blandford-Blenheim will immediately appoint members to a disaster relief committee to administer ODRAP as required. Financial assistance under ODRAP is a contribution up to \$2 for every local dollar raised to an amount necessary to settle all the eligible claims up to 90% of all eligible costs. Further information on this program is available from the local Municipal Services Office in London by calling (519) 873-4020.

EMERGENCY PLAN MAINTENANCE

Annual Review

This plan will be reviewed annually and where necessary, revised by a meeting of the CCG. Each time this plan is revised, it must be forwarded to Council for approval. However, revisions to the appendixes and minor administrative changes can be made without resubmitting the plan to Council for approval each time. It is the responsibility of each person, agency, service or department named within this emergency plan to provide timely notification of any revisions to the appendixes or administrative changes to the Community Emergency Planning Coordinator.

Testing of Plan

An annual exercise will be conducted in order to test the overall effectiveness of this emergency plan and provide training to the CCG. Resulting recommendations from such exercises should be incorporated in this plan in a timely manner.

Internal Procedures

Each service involved with this emergency plan will prepare functional emergency procedures or guidelines outlining how it will fulfill its responsibilities during an emergency. Each service will ensure that it designates a member of its staff to maintain and revise its own emergency procedures or guidelines.
